Where does the Form 470
fall in the E-Rate process?

**YOU
ARE
HERE**

Making a Plan

Question 1: What do I need?

First consider what services are needed and which of those services might be eligible for E-Rate funding.

Use the Eligible Services List for the Funding Year for which you wish to receive E-Rate.

What is eligible?

There are four requirements for eligibility:

1. Must be an **eligible product or service**
2. Must be used by an **eligible entity**
3. Must be used at an **eligible location**
4. Must be used for an **eligible purpose**

Question 2: What can I afford?

1. Get estimates from service providers on the cost of what you think you would need. You are not selecting a provider at this point; you are simply assessing the potential costs.
2. Examine your budget to see if you can afford what you need. You should always consider the entire cost (pre E-Rate discount) in your budget. If you can't afford the full cost, revisit your needs.
3. Determine your E-Rate discount rate.
4. If you are applying for Category Two products and services, calculate your Category Two budget.

Question 3: What can I do?

Although a technology plan is not required specifically for E-Rate, your planned E-Rate supported products and services should align with your required Maine state technology plan.

Develop a plan that supports what you want and need to do, and what you can afford to do.

What's next?

Once you have determined the products and services for which you want to receive E-Rate funding, you are ready to file an FCC Form 470 and run an open and fair competitive bidding process.

The Basics

What is the FCC Form 470?

A request for products and/or services that opens a competitive bidding process

- Identifies and describes desired categories of service and the function of the services
- Describes the scope of your needs
- Notifies potential bidders of the types and quantities of services that you need

If a product or a service is not listed on a Form 470, you cannot request funding for it on a Form 471.

Do I need to file a Form 470?

- If you are a member of MSLN, Networkmaine files on your behalf for Internet and/or transport services. If you wish to obtain E-Rate funding for any other E-Rate eligible products or services, you must file your own separate Form 470 for those products or services.
- If you are not a member of MSLN and you wish to obtain E-Rate funding for any eligible products or services, you must file a Form 470 for those products or services.

Do I need to file a Form 470?

You cannot receive E-Rate funding without first posting a Form 470.

Yes in the following situations:

- Month to Month or Tariffed Services:
 - If you are applying for MTM or tariffed services, you must file a new Form 470 every year.
- Contracted Services
 - If you have an expiring contract, you must file a new Form 470.
 - If you want or need to sign a new contract, you must file a new Form 470.
- Products
 - If you want to purchase products or equipment, you must file a Form 470.

No in the following situation:

- If you have an existing multi-year contract in place as a result of a competitive bidding process that includes ALL of the application funding year AND you already filed a Form 470 in a previous year “establishing” this contract, it is not necessary to post a new Form 470 until a new contract is required.

Words of Caution:

Even if you did not need to file a Form 470 for the upcoming Funding Year, you still must file a Form 471 during the Form 471 application filing window in order to receive any E-Rate funding.

Who can complete the Form 470?

- No one other than the applicant or an authorized representative of the applicant should either prepare or certify the FCC Form 470.
- The form cannot be completed or certified by a service provider or feature a service provider as the contact person.
- The form cannot be certified by a consultant, but a consultant can prepare the form for you.

How do I file a Form 470?

1. The applicant submits a completed FCC Form 470 from their EPC portal account
 - If you have any additional information to provide beyond that which is included on the actual Form 470, then you must also post an RFP to EPC (even if this is just a single page information sheet rather than a traditional Request for Proposals)
2. USAC posts the form, opening a competitive bidding process to service providers
3. After the form is posted, USAC issues a FCC Form 470 Receipt Notification to the EPC portal account
 - The notification features much of the information featured on the form and provides a means to correct certain errors
 - Check the notification for the “allowable contract date”... this is the earliest date you may file an FCC Form 471

When can I file a Form 470?

You can file the Form 470 for any given funding year as soon as it is released.

***Words of Caution:** File as early as possible. Be sure to allow enough time to file the Form 470, wait 28 days, evaluate and compare bid responses, select a service provider, review potential contracts, get all resulting contracts signed, and file a Form 471 all before the Form 471 filing window closes.*

**FY2021 Form 470 Deadline:
February 25, 2021
(28 days before the end of the Form 471 Filing Window)**

Where do I file a Form 470?

You must file the Form 470 by accessing the account in the EPC Portal for the Billed Entity that will negotiate with potential service providers for eligible products and services.

How many separate forms do I file?

Your choice!

- You may file one Form 470

OR

- You may file a separate Form 470 for each category of service

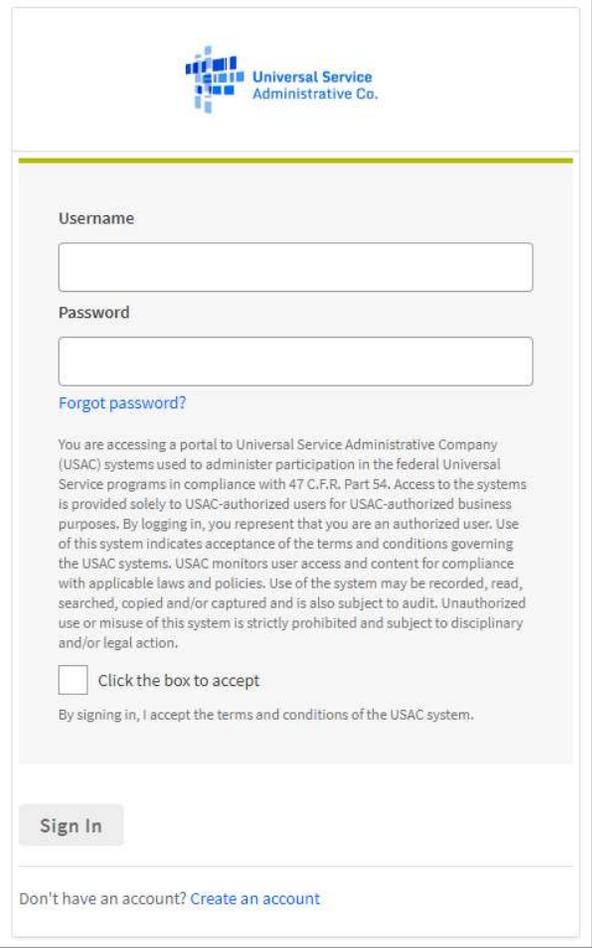

Recommendation: Put Category 1 and Category 2 requests on separate forms.

Information on How to Seek Bids for Different Services:

- Select "Leased Lit Fiber (with or without Internet Access)" when seeking bids for either a bundled solution of internet access (delivered over lit fiber) or transport only (delivered over lit fiber).
- Select "Internet Access and Transport Bundled (Non-Fiber)" when seeking bids for services provided over non-fiber-based service-provider-owned networks that include commercial internet access service (e.g., copper, microwave, or coaxial cable, but excluding Leased Lit Fiber).
- Select "Transport Only - No ISP Service Included (Non-Fiber)" when seeking bids for services provided over non-fiber-based service-provider-owned networks that do not include commercial internet access (e.g., copper, microwave, or coaxial cable, but excluding Leased Lit Fiber).
- Select "Internet Access: ISP Service Only (No Transport Circuit Included)" when only seeking bids for commercial internet access service. Note: this does not include any type of transport circuit.
- Select "Leased Dark Fiber and Leased Lit Fiber" when seeking bids that include Leased Dark Fiber. This option MUST be selected to help ensure compliance with a competitive bidding requirement: applicants that request bids for Leased Dark Fiber must also request bids for Leased Lit Fiber. Leased Lit Fiber requests included in this service request type can be with or without internet access.
- Select "Self-Provisioned Network (Applicant Owned and Operated Network) and Services Provided Over Third-Party Networks" when seeking bids for services provided over a self-provisioned network on a technology-neutral basis (e.g., fiber, copper, microwave, or coaxial cable).
- Select "Network Equipment" when seeking bids for modulating electronics or other equipment necessary to make a Category One service functional.
- Select "Maintenance & Operations" when seeking bids for maintenance and operations costs for Leased Dark Fiber or a Self-Provisioned network.
- Select "Cellular Data Plan/Air Card Service" when only seeking bids for a commercial wireless data plan.
- Select "Other" when the service you want is not otherwise listed. Be sure to provide additional details about this service by uploading an RFP document.

A ① Use the “Function” drop-down menu to add a service

The image shows a screenshot of a web form with a dropdown menu labeled "Function *". The dropdown menu is currently open, displaying a list of service options. The first two options, "Please select a value", are highlighted in blue. The remaining options are:

- Leased Lit Fiber (with or without Internet Access)
- Internet Access and Transport Bundled (Non-Fiber)
- Transport Only - No ISP Service Included (Non-Fiber)
- Internet Access: ISP Service Only (No Transport Circuit Included)
- Leased Dark Fiber and Leased Lit Fiber
- Self-Provisioned Network (Applicant Owned and Operated Network) and Services Provided Over Third-Party Networks
- Network Equipment
- Maintenance & Operations
- Cellular Data Plan/Air Card Service
- Other

Words of Caution: Read the information on the screen about each of these options carefully.

- If you are considering **leased lit fiber**, use the “Leased Lit Fiber (with or without Internet Access)” option.
- If you are considering **leased dark fiber**, you must also bid for — and evaluate — leased lit fiber solutions. Use the “Leased Dark Fiber and Leased Lit Fiber” option.
- If you are considering **self-provisioned fiber services**, you must also consider non-fiber solutions. Use the “Self-Provisioned Network” option.
- If you want **non-fiber connectivity** (e.g. coaxial cable or microwave), use the “Transport Only – No ISP Service Included (Non-Fiber)” option. This option cannot be used for fiber.
- For **Internet access only** — meaning that connectivity is being provided as a separate service — use the “Internet Access: ISP Service Only (No Transport Circuit Included)” option.
- For **bundled services** when you want Internet access and a circuit to be bundled together:
 - if you don’t want fiber or fiber is not available in your area, use the “Internet Access and Transport Bundled (Non-Fiber)” option
 - if you want the transport portion to be fiber you must create two separate service requests, one for “Internet Access and Transport Bundled (Non-Fiber)” and one for “Leased Lit Fiber”
- If you are unsure of the services to be requested, include all fiber, non-fiber, and Internet options

Words of Advice: *You should also specify the deadline for vendors to submit proposals either here in the narrative or in your RFP. USAC is now taking the position that if your Form 470 or RFP does not state a deadline for vendors to submit proposals, you must consider all bids received up until the date that you conduct your bid evaluation. This is different from previous guidance which was that vendors should consider the 28th day after the Form 470 is posted as the default deadline to submit bids.*

Example: *“The deadline for proposals is 9:00 AM, 29 days after the date this Form 470 is posted. We reserve the right to reject late-submitted proposals.”*

Applicant Certifications

I certify that the applicant includes schools under the statutory definitions of elementary and secondary schools found in the No Child Left Behind Act of 2001, 20 U.S.C. §§ 7801 (18) and (38), that do not operate as for-profit businesses, and do not have endowments exceeding \$50 million.

Other Certifications

I certify that this FCC Form 470 and any applicable RFP will be available for review by potential bidders for at least 28 days before considering all bids received and selecting a service provider. I certify that all bids submitted will be carefully considered and the bid selected will be for the most cost-effective service or equipment offering, with price being the primary factor, and will be the most cost-effective means of meeting educational needs and technology goals.

I certify that I will retain required documents for a period of at least 10 years (or whatever retention period is required by the rules in effect at the time of this certification) after the later of the last day of the applicable funding year or the service delivery deadline for the associated funding request. I certify that I will retain all documents necessary to demonstrate compliance with the statute and Commission rules regarding the form for, receipt of, and delivery of services receiving schools and libraries discounts. I acknowledge that I may be audited pursuant to participation in the schools and libraries program.

I certify that I have reviewed all applicable FCC, state, and local procurement/competitive bidding requirements and that I have complied with them. I acknowledge that persons willfully making false statements on this form may be punished by fine or forfeiture, under the Communications Act, 47 U.S.C. §§ 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001.

I acknowledge that FCC rules provide that persons who have been convicted of criminal violations or held civilly liable for certain acts arising from their participation in the schools and libraries support mechanism are subject to suspension and debarment from the program.

I certify that the services the applicant purchases at discounts provided by 47 U.S.C. § 254 will be used primarily for educational purposes, see 47 C.F.R. § 54.500, and will not be sold, resold or transferred in consideration for money or any other thing of value, except as permitted by the Commission's rules at 47 C.F.R. § 54.513. Additionally, I certify that the entity or entities listed on this form have not received anything of value or a promise of anything of value, other than services and equipment sought by means of this form, from the service provider, or any representative or agent thereof or any consultant in connection with this request for services.

I acknowledge that support under this support mechanism is conditional upon the school(s) and/or library(ies) I represent securing access, separately or through this program, to all of the resources, including computers, training, software, internal connections, maintenance, and electrical capacity necessary to use the services purchased effectively. I recognize that some of the aforementioned resources are not eligible for support. I certify that I have considered what financial resources should be available to cover these costs. I certify that I am authorized to procure eligible services for the eligible entity(ies). I certify that I am authorized to submit this request on behalf of the eligible entity(ies) listed on this form, that I have examined this request, and to the best of my knowledge, information, and belief, all statements of fact contained herein are true.

NOTICE

In accordance with Section 54.503 of the Federal Communications Commission's ("Commission") rules, certain schools and libraries ordering services that are eligible for and seeking universal service discounts must file this Description of Services Requested and Certification Form (FCC Form 470) with the Universal Service Administrator. 47 C.F.R. § 54.503. The collection of information stems from the Commission's authority under Section 254 of the Communications Act of 1934, as amended. 47 U.S.C. § 254. The data in the report will be used to ensure that schools and libraries comply with the competitive bidding requirement contained in 47 C.F.R. § 54.503. Schools and libraries must file this form themselves or as part of a consortium.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information requested in this form. We will use the information you provide to determine whether you have complied with the competitive bidding requirements applicable to requests for universal service discounts. If we believe there may be a violation or a potential violation of any applicable statute, regulation, rule or order, the information you provide in this form may be referred to the Federal, state, or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information you provide in this form may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding. In addition, information provided in or submitted with this form, or in response to subsequent inquiries, may also be subject to disclosure consistent with the Communications Act of 1934, FCC regulations, the Freedom of Information Act, 5 U.S.C. § 552, or other applicable law.

If you owe a past due debt to the federal government, the information you provide in this form may also be disclosed to the Department of the Treasury Financial Management Service, other Federal agencies and/or your employer to offset your salary, IRS tax refund or other payments to collect that debt. The FCC may also provide the information to these agencies through the matching of computer records when authorized.

If you do not provide the information we request on the form, the FCC or Universal Service Administrator may return your form without action or deny a related request for universal service discounts.

The foregoing Notice is required by the Paperwork Reduction Act of 1995, Pub. L. No. 104-13, 44 U.S.C. § 3501, et seq.

Public reporting burden for this collection of information is estimated to average 3.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing, and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the reporting burden to the Federal Communications Commission, Performance Evaluation and Records Management, Washington, DC 20554. We also will accept your comments via the email if you send them to PRA@FCC.gov. DO NOT SEND COMPLETED WORKSHEETS TO THESE ADDRESSES.

The Competitive Bidding Process

What happens after I certify the form?

The FCC Form 470 will be made available through the EPC Portal for competitive bidding once it has been certified.

Once the form is received by USAC, a notification appears in the newsfeed for all members of your organization. This message confirms that the form has been received and provides the Allowable Vendor Selection / Contract Date for your form.

What happens during the competitive bidding process?

1. You start receiving bids from service providers
2. You **wait at least 28 days** after the date the FCC Form 470 was posted and the date the RFP was issued (if applicable), whichever is later
 - during this 28 day period you must ensure an open and fair bidding process
 - the 28 days for RFPs is independent of the 28 days for the Form 470 posting ... make sure you count your days correctly and let 28 days elapse on both before making a decision

During the 28 days:

- Make no bid evaluations
- Select no vendors
- Sign no contracts

What if I change my RFP?

USAC has lately been taking an extremely punitive approach to any changes to either the Form 470 or RFP --- if you change ANYTHING on either the form or the RFP (no matter how insignificant it may seem), it is safest to restart your 28 day competitive bidding clock.

Otherwise, USAC may determine that you violated competitive bidding rules and deny your Form 471 application.

How do I ensure an open and fair bidding process?

- Treat all bidders the same
- Give equal and consistent information to all bidders
- Do not give insider information or advance knowledge to bidders
- Accept no gifts from bidders
- Avoid the appearance of a conflict of interest with a bidder
- Service providers are not allowed to assist with the process
- Keep all bids received (not just the winning bid)
- Respond to all bidders
- Keep copies of all correspondence with bidders
- Fulfill any local procurement obligations, including posting in a newspaper or releasing an RFP, if required

What if a provider contacts me?

- Service providers will contact you if they need more information.
- Whatever you share with one vendor must be shared with all vendors.
- When contacted by a vendor, you must indicate your willingness to receive a proposal for services listed on Form 470.
- You are not required to ...
 - respond to “generic” or “spam” emails such as: “I saw your 470, please call me to discuss your needs”
 - respond to inquiries for services you did not request

Selecting a Service Provider

What can I do on day 29?

1. Evaluate the bids received
2. Choose your service provider(s)
3. Sign a contract (if applicable)
 - may be for one or more years
 - may include the option of voluntary extensions
4. Submit an FCC Form 471

How do I select a service provider?

- Have a written process for evaluating bids fairly and equally.
 - Identify the criteria for selection prior to selecting your provider.
 - Disqualification factors must be yes/no responses and cannot be scored on a range.
- Complete a bid evaluation document, even if you just received one bid.
- Date the completed bid evaluation document to show you waited at least 28 days to make your vendor selection.

Words of Caution: You cannot consider “free services” in your bid evaluation, such as “I’ll give you X for free if you purchase Y.”

Sample Bid Evaluation Matrix

Factor	Points Available	Vendor 1	Vendor 2	Vendor 3
Price of the ELIGIBLE products and services	30	15	30	25
Prices for ineligible services, products and fees	25	20	15	25
Prior experience with vendor	20	20	0	20
Understanding / fulfillment of needs	15	0	15	15
Local or in-state vendor	10	10	8	7
Total	100	65	68	92

Do I have to accept the lowest bid?

- You do not have to accept the lowest bid according to E-Rate rules, but cost must be the primary consideration.
- You may consider as many factors in your evaluation as you want, but the price of the E-Rate eligible products and services must be included as a factor and must be weighted more heavily than any other single factor.

What if I only receive one bid?

- If you received one bid, and that bid is cost-effective, you should memorialize that fact with a memo or email for your records.
- You should still complete the bid evaluation document for the one bid response.

What if I did not receive bids?

- If you did not receive any bids, you can solicit bids from a willing vendor.
 - Make sure the price actually is cost-effective
 - Check marketplace options from other vendors in your area or nearby areas.
 - Save research and information to justify buying service from this vendor.
- If you currently receive services from a service provider, you can ask your current provider to submit information in response to your Form 470.

What if I reject all the bids?

If as a result of the competitive bidding process the applicant decides that none of the bids received is responsive and rejects all of them – or if the applicant decides to cancel the competitive bidding process for other reasons – the applicant must file a new Form 470 to open a new competitive bidding process.

- Before posting a new form and issuing a new RFP, the applicant could then make any desired revisions or changes that might improve its chances of receiving responsive bids.
- In the event of a complete rejection or cancellation, the applicant cannot use the earlier Form 470 nor cite that form on a Form 471. To avoid any confusion, cancel the earlier Form 470.

What if I change my mind?

You are allowed to change your mind and not purchase a service that is listed on a Form 470.

When can I sign a contract?

- You cannot sign a contract for E-Rate eligible services (and expect to receive discount) without first posting a Form 470.
- You must wait at least 28 days from the posting of your Form 470 and any RFP.
- You cannot not sign a contract before the Allowable Contract Award Date noted on the RNL (this date does not change on the notice even if you did something that caused the 28 day clock to restart – calculate a new 28 day period in such an instance).
- A contract must be signed and dated by the applicant and the service provider prior to the Form 471 certification date.

Note: *You may want to include contingency language in case you don't get funded, especially for Category 2 items.*

Wrapping Up

What do I save for my files?

★ Save all records for at least 10 years from the last date of service ★

- A copy of the completed Form 470
- A copy of the Form 470 certification page
- The RFP (if one is issued)
- FCC Form 470 Receipt Notification Letter
- A copy of every bid received (winning and losing)
- A copy of all correspondence with bidders
- A completed, dated bid evaluation document and any documentation supporting how you selected the winning bid
- The signed contract
